

Daily Scrum Meeting Minutes:

Attendees: Emre, Juan, David, Carlos, Henry

Start time: 10:13 pm

End time: 10:47 pm

Emre:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Organized data that would be easily integrated to a database
- What is planned to be done until the next scrum meeting?
 - Analyze data for patterns and trends for usage in seasons and months
- What are the hurdles?
 - Which countries and states to target, maybe just fpl regions

Juan:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Interactive graphs are great for users
- What is planned to be done until the next scrum meeting?
 - Maybe looking into filters or comparing different day usages
- What are the hurdles?
 - Need to figure out api call that can parse day by day data

David:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Learning about testing in react
- ✗ What is planned to be done until the next scrum meeting?
 - design a user friendly dashboard for logged in users
- What are the hurdles?
 - wifi goes in out, troubleshooting with isp

Carlos:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Figuring out all the entities of the db
- What is planned to be done until the next scrum meeting?
 - Waiting to examine raw data
- What are the hurdles?

- Time to examine raw data and link to entities

Henry:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Design an algorithm to create sample test input data to automate
- What is planned to be done until the next scrum meeting?
 - Figure out edge cases to create tests for data integrity
- What are the hurdles?
 - Minor setup issues.
