Sprint Review Meeting Minutes

Attendees: Emre, Juan, David, Carlos, Henry
Start time: 8:24 pm
End time: 9:13 pm

After a show and tell presentation, the implementation of the following user stories were accepted by the product owners:

- User Story 1: View Usage (**Emre**, **Juan**, **David**) (15 Points)
    - *As a homeowner*, I want to view my **current watt usage** on the dashboard, so that I can see how much electricity my home is using right now.

- User Story 2: View Historical Data (**Carlos**, **Henry**) (10 Points)
    - *As a homeowner*, I want to see **daily usage totals** for the past week, so that I can identify which days my electricity use is highest.

Story Points:

- Emre (5)
- Juan (5)
- David (5)
- Carlos (5)
- Henry (5)

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Spring Planning meeting.

- User Story: Basic Alerts
    - *As a homeowner*, I want to receive a **basic alert** if my usage goes above a set threshold, so that I can take action to reduce consumption.

- User Story: Basic Device or Room Categorization
    - *As a homeowner*, I want to **tag usage by room or device**, so that I can start to understand where my energy is being used the most.
